

Regulator for G05 Natural Gas Operated Pump

Superior regulation and excellent stability make the 020.057.000. Regulator ideal for lower flow applications. Square head adjustment screw allows for easy in-field calibration. The 020.057.000. is available with hand wheel adjustment, output pressure gauge and/or mounting bracket as options.

	020.057.000.
Sensitivity	1" WC
Max. Inlet Pressure	250 psig 17 BAR
Port Size	1/4" NPT
Outlet Ranges	0-10, 0-30, 0-60, 0-120 psig 0-7, 0-2, 0-4, 0-8 BAR
Adjustment	adjustment screw
Materials of Construction	Aluminum, Brass Plated Steel, Buna-N
Diaphragm Material	Nitrile Elastomer with Dacron Fabric
